The Future of Our Village Hall: Your Voice Matters

Ruyton XI Towns Village Hall is undergoing an important journey to meet current Building Regulations and Fire Safety standards. This vital community asset is at the heart of our village, hosting countless gatherings, events, and initiatives that bring us together.

To ensure the hall is safe, welcoming, and compliant, the Village Hall Management Committee, in collaboration with the Ruyton XI Towns Parish Council, has commissioned a local architect to explore refurbishment and improvement options. After careful evaluation, four distinct proposals have been presented, each with its own unique approach to achieving the necessary upgrades.

Now, it's over to you, the community, to help shape the future of this cherished space. We want to hear your thoughts and opinions on these options. This is your opportunity to share your views and ensure that the hall reflects the needs and aspirations of all residents.

The Village Hall is more than just a building; it's a hub of activity and a symbol of our vibrant community. Your input is invaluable in making this project a success. Let's work together to secure its future for generations to come. It's time to have your say to shape the future! Your opinion matters.

There are 4 proposed options (please review these in the booklets in Café Eleven or on our website).

As an indication for cost comparison purposes:

- Option 4 is the cheapest option
- Option 1 is about 1.5 times the cost of Option 4
- Option 2 is about 2.4 times the cost of Option 4
- Option 3 is about 3 times the cost of Option 4

Do you have a preference for which option is progressed? Please tick (you may choose more than one), and then explain reasons for your choice (optional).

☐ Option 1

☐ Option 2

☐ Option 3

☐ Option 4

Do you have any further comments that you would like to share, ask or for us to consider?

Form can be handed in at Café Eleven. Form and details of the options also available on the website.
